

Extract from the meeting of the Department
medical biology with a course in Microbiology and Virology
of the Chuvash state University named after I. N. Ulyanov
Protocol No. 12 of June 05, 2020

Listened to: about the Regulations for conducting intermediate certification of students in the Federal state budgetary educational institution of higher education "Chuvash state University named after I. N. Ulyanov" with the use of e-learning and distance educational technologies (Order No. 193 of May 12, 2020, hereinafter "the Order").

Decided:

1. In accordance with clause 1.4. "Order" the Department conducts mid-term evaluations (tests and exams) remotely written in the test form, decorated in Google forms. The questions used in the tests were tested during the current control of knowledge, and are partially described in the educational and methodological manuals of the Department. Also, for the preparation of tests, we used lecture material and basic textbooks of disciplines (see the list of exam questions).
2. students' access to the intermediate certification tests is carried out through the Department's website or through the headmen of subgroups (the headmen collect the working e-mail of the students of their subgroup). The student must have a Google account in advance of taking the exam or taking the test in a remote format.
3. The test task for the test may consist of 30-40 test questions; for the exam of 60-70 test questions. Each task offers from 3 to 5 answer options, from which you need to choose the correct ones (mostly – one correct answer).
4. one task is given 1.5 minutes to complete (Example: 40 tasks \times 1.5 minutes = 60 minutes + 5 minutes for registration of personal data (Full Name, email address, group (example-M-01(1)-19), No. of the zchet book). The total time for completing a test task with the specified number of tests is 65 minutes). After the time specified in the instructions, online access to the test will be closed. When performing the work, mark the correct answer by placing the cursor on it and clicking the left mouse button – a black dot will appear in the left field. After answering the last question, click "Submit".
5. The evaluation criteria of the competition. Credit is given to the student who completed the discipline program and scored 40% or more correct answers. If you set less than 40% of the correct answers, the student is sent to re-pass the test.
6. assessment Criteria for the exam. The examination test is performed by students who have completed the discipline program. When answering 40-60% of correct answers, the rating is "satisfactory", 61-80% – "good", 81-100% – "excellent". If less than 40% of the answers are correct, the student is sent to retake the exam on a schedule approved by the MIND.
7. Exams and tests will be conducted in accordance with the approved schedule. Students answer the questions of the test task strictly on their day according to the schedule.
8. The results of the intermediate certification of students will be issued in the credit and examination sheets of the BRS system.

The decision was made unanimously (electronic correspondence).
